From the Creative Team of Collin Kelly and Jackson Jackson (Kang the Conqueror) and Max Dunbar (Batman: Urban Legends, Robin), a new future for Batman Beyond has started! That solitude, the determination of a single person against the extraordinary probabilities, is Batman par excellence, opening the doors for a one -year -old style examination of Cié who makes this man appear. Perhaps the more tempting is the introduction of a new surprising bad. But more terrifying everyone, we have no idea what he wants. But Batman Beyond - Neo Year #1 erases with flying colors, bringing the franchise to new electrifying heights. Originally conceived as a more suitable vision to children on the Caped crusader (laser weapons instead of pistols, protagonist of high school, etc.), the Batman Beyond Show has evolved into one of the most mature voices and shaded in Paul Dini and Bruce Timm- Ä Ä Ä Ä It is already impressive animated universe dc. Obcessione and tragedy-on now that Terry had a gallery of thieves who reflected him through the heredity, solitude and hope. "The next phase of Terry's path begins when Batman Beyond: Neo-Year #1 arrives on April 5, 2022. As the final page of his history of Legends Urban, next year, the launch of Batman Beyond: neo- Year, a six numbers miniseries of the writers Collin Kelly and Jackson Lanzing and the artist Max Dunbar, the same creative team that led Terry returns to resolve the murder of Bruce. As revealed in the pages of Urban Legends #7, Terry is facing a new powerful threat in neo Gotham in the form of the city itself, which formed in a sophisticated and mortal artificial intelligence without reason to trust or trust or believe in Batman Beyond. At the moment, it seems only a less refined return than the Joker . In the new story, Terry McGinnis was in charge of finding out who killed his mentor, Bruce Wayne, and has omirp omirp li rep Äritnes iS" .SSECO RP len Ättic aus allus iterges ivoun itlom what it's like to be alone in a city that wants him dead." For longtime Batman Beyond fans, it's an exciting moment as we discover where Terry McGinnis will go as he finally moves past Bruce Wayne and the old ways of being Batman. And before that, Batman: Urban Legends no. 7 was a backdoor pilot for a new and exciting direction of the main comic book. The Living Gotham is an Artificial Intelligence with full access to everything that is digital: financial data, personal documents, police reports, cameras, applications are practically unlimited. Bruce's bad guys reflect his journey through mental health. Suffice it to say that the bar was at the top of this first number. He turned down Terry McGinnis as Batman and offered him a chance to escape. However, this is one of the least approachable Rebirth titles due to the continuity, which is a shame if you only know the show. Second is how bad the design of the costume is, all because of the red eyes to embarrassing shape. Just like the plot, the landscape is lovingly created as a tribute and sequel to its original material. Following recent events like Convergence, Terry is alive and back in the spiral, and we're out. The first thing is that continuity just can't connect to the show with this. "Terry is finding out what it's like to really be Batman, without the guidance and guidance of Bruce Wayne, and the support system he was based on", Dunbar said. Now Neo-Gotham will do everything in his power to destroy Terry, including creating new criminals to fight him. From top to bottom, this is the sequel to the show I've always wanted, an exciting step forward that fits the title comfortably into my sub list. Overall: Batman of the Future Neo Year #1 is an essential read for any fan of the show. 05 April 2022 by Harrison Stewart in Reviews, Comics By aytidA aytidA :evircs reretteLgnehC naitsabeS :tsiroloCrabnuD xaM :atsitrA gniznaL noskcaJ e ylleK nilloC :irottircS1# onnA oeN - erutuF eht fo namtaB 01/01 .dnoyeB namtaB id naf nu eresse rep opmet ehC ÄÄ¢Ä trawetS erad a itasseretni <sup>1</sup>Äip otlom onos gniznaL e ylleK ,odom ehclauq ni enif alla otanrot ebberas ecurB ehc essipac is ehc amirp ertneM .onrut ingo da iul a isroppo id acrec mahtoG oeN id erouc li es ehcna ,ossets es rep namtaB id Ätidere'l eriurtscir a araperp is ertnem yrreT Äriuges raeY-oeN ,neewollaH gnoL ehT :namtaB e onU onnA :namtaB emoc rion eirots ehcissalc ellad enoizaripsi odnednerP .ariKA o rennuR edalB id etappuzni-noen e eidem edarts el adrocir e oser etnemasoilgivarem "Ã mahtoG oeN ossets oL .CD otamina osrevinu'llen oilgem ottaf otats Äig ais non ehc allun orevvad af non ottemuf li ehc "Ã ,<sup>2</sup>Ärep ,amelborg ednarg II .ebbervod emoc elamron id amrof a ihcnaib namtaB id ihcco iam ah noN ;avort is oihcrepoc II .ÄÄcimen ihccev i ortnoc namtaB ovoun li erettem id etnemecilpmes o wohs olled emart el ereggelir id itatnetnocca onos is itloM .mahtoG oeN ni otnemaibmac ednarg id otnemom nu "Ã am ,irailimaf itlov onos iC" .arepo iuc ni mahtoG ovoun onarts ol e erettarac ossets ous lad atinifed enoizidart anu ni e otad ah ilg ecurB ehc inoizel el ertlo yrreT eregnips neewollaH ognul li e onU onnA :namtaB id rion enoizidart allen odnavacs omaits" .enyaW ecurB idiccu :asoihcsir etnemlaiznetop es ehcna ,ecadua assom anu noc opmats ol etnematepmoc onopmor gniznaL noskcaJ e ylleK nilloC irottircs ilG .atsinogatorp ous li emoc odnom len otsop ous led orucisni emoc ,aro opmet ehclauq rep atunet id olledom nu ni atats "Ã Äteirporp atseuq ,aciglatson eresse assop otbauq reP .ologna ous len enyaW ecurB aznes eranimmac Ärvod ,atlov amirp al rep ,ehc osrocrep nu us itnava av ertnem ottut li ,assets es ad Ättic al etnemlarettel ereggetorp yrreT a ats ,etnem ni ocimen ovoun otseuq noC .inroig imirp ien ehcna ,orucsO ereilavaC orutuf li noc itacnam o itiploc itats erpmes onos ittemuf i am ,ipmet i ittut id etireferp VT eires eim elled anu "Ã dnoyeB namtaB trawetS nosirraH / 2202 elirpa 50 sorb \_trawets@ us ittircs ious irtla eravort iouP .enyaW ecurB osiccu ah e oviv "Ã mahtoG-oeNscimoC CD Terry McGinnis his due. Now, with Batman's heredity that rested exactly on his Terry McGinnis is undertaking the next chapter of his adventure in Neo Gotham. More recently, he was not even Terry McGinnis in the hood, but a future Tim Drake only on behalf, since the personality of him was very different, because Terry was dead. Cié means that, while the history of the character is still in the minds of the creative team, the "neo" in Neo-Year is something they are embracing. It is that he has passed is the prologue. Dunbar and Cheng have the roots of science fiction, skillfully merging technological progress with sowing for which Gotham is known. As I tend to reserve perfect scores, there was no part of this book that I didn't love. "We hope to forge a new path following Neo Gotham in a way that fans of the show will love and will be excited to see," said Dunbar. It seemed right to me and I was able to hear the voice actors of the series in my head with every scene, a novel experience but welcome to me with Batman Beyond Comics. The training wheels are off and nobody is coming to save Terry if he falls this time. "This is the long -awaited chapter of Terry McGinnis's next chapter" in which he must learn what it means to become Batman for him in a city he doesn't want to be saved, "Lanzing said to Syphy Wire. Terry fell up the protector is of the city and supports Batman's heredity. I feel so lucky to work with him in this project. "Lanzing added:" Our number one priority with Neo-Year is to introduce new bad guys, new allies and a New paradigm for Neo Gotham. Sebastian managed to merge the dark and meditabondo aspect of the animated series with his opinion on Cyberpunk Tech Noir which is nothing short of surprising. It is not the fault of this comic, like the previous one beyond the Furated comics called continuity. Cié that seems to distinguish this attempt is a commitment to the finality of death. There will be many new threats that Terry must face, like some old ones. those. those.
